

JERRY TEMPLE AVIATION, INC.

972 . 712 . 7302

Jerry Temple Aviation (JTA) began in 1994 with the concept of providing the Buyers of Cessna 300 and 400 Series Aircraft and Conquest Turboprops with the same level of professionalism and high-end customer support as new jet buyers were accustomed to receiving from manufacturers. Jerry Temple's thirty years of Twin Cessna and Conquest sales expertise provides both Buyers and Sellers with unmatched support. JTA has developed a worldwide reputation for honesty, integrity and professionalism. Twin Cessna Buyers, especially first time Twin Buyers or first time Pressurized Twin Buyers have become a JTA specialty. Both Domestic and International Buyers have experienced the total Buyer Support JTA provides from initial contact through maintenance and modifications to a Dual Instruction Delivery flight. JTA's detail-emphasized procedures make a complicated and high risk project into a professionally managed purchase. JTA makes dreams come true.

For Twin Cessna and Conquest Sellers, JTA's product knowledge, organized Marketing Plan and unmatched work ethic creates the environment that annually results in the sale of twenty-five Twin Cessna, Conquests and Citation jets; a number unmatched by competitors.

See www.jtatwins.com for JTA represented aircraft, Buyer and Seller Services and other Twin Cessna and Conquest support.
